Computers & Electrical Engineering
An International Journal

The impact of computers has nowhere been more revolutionary than in electrical engineering. The design, analysis and operation of electrical and electronic systems have become completely dominated by computers, a transformation that has been motivated by the natural ease of interface between computers and electrical ... click here for full Aims & Scope

Editor-in-Chief
Dr. M. Malek

Impact Factor *was 0.284* → **NOW 0.475**
Journal Citations Reports®published by Thomson Reuters 2010

Facts & Figures
Impact Factor: 0.475
5-Year Impact Factor: 0.411
Issues per year: 6

Articles | Issues

Recent | Top 10 Cited | **Most Downloaded**

Extracted from
Thu Dec 2 20:01:42 GMT 2010

1. **A hybrid intrusion detection system design for computer network security**
   Computers & Electrical Engineering, Volume 35, Issue 3, May 2009, Pages 517-526
2. **A distributed energy-efficient clustering protocol for wireless sensor networks**
   Computers & Electrical Engineering, Volume 36, Issue 2, March 2010, Pages 303-312
3. **Emerging cognitive radio technology: Principles, challenges and opportunities**
   Computers & Electrical Engineering, Volume 36, Issue 2, March 2010, Pages 358-366
4. **Invariant image watermarking using multi-scale Harris detector and wavelet moments**
   Computers & Electrical Engineering, Volume 36, Issue 1, January 2010, Pages 31-44
5. **A network-based mobility management scheme for future Internet**
   Computers & Electrical Engineering, Volume 36, Issue 2, March 2010, Pages 291-302
6. **Security aspects in IPv6 networks - implementation and testing**
   Computers & Electrical Engineering, Volume 33, Issue 40334, September 2007, Pages 425-437
7. **A high level power model for Network-on-Chip (NoC) router**
   Computers & Electrical Engineering, Volume 35, Issue 6, November 2009, Pages 837-845
8. **Feature based robust watermarking using image normalization**
   Computers & Electrical Engineering, Volume 36, Issue 1, January 2010, Pages 43132
9. **Spectrum sensing algorithms for primary detection based on reliability in cognitive radio systems**
   Computers & Electrical Engineering, Volume 36, Issue 3, May 2010, Pages 469-479
10. **Hardware assisted watermarking for multimedia**
    Computers & Electrical Engineering, Volume 35, Issue 2, March 2009, Pages 339-358
